City to Purchase \$121,875 Building

The Board of Supervisors has agreed to sell a small county garage building at 209-211 S. Hill St. to the city of Los Angeles for \$121,875.

Under recommendations made by Robert Heuer, county real estate director, the city will continue to occupy the property until May 31, 1962.

The city then will use the site for an addition to its main headquarters for the Los Angeles Fire Dept.

and rehabilitate 70 narcotics addicts in Santa Monica.

The group uses no drugs or medicine in treating its tenants. Instead, it depends on the interchange of sympathy and understanding for its success.

Because of its unusual method of treating these addicts the Synanon Foundation has run into legal difficulties as to its operation without the use of medicine and also because of its location in a non-hospital-zoned area.

It is these problems among others which will be discussed.

Synanon maintains its activity of self help for the tenants does not violate any health or safety code and that it offers no medicine, so it should not be classified as a hospital.

Atty. William Dentzel will act as chairman of the day and introduce the speakers.
